

AIM AND SCOPE

The journal “[Economics and Computer Science](#)” (E-ISSN: 2367-7791) is an open peer-reviewed online journal. The journal offers open access to its full content.

The journal publishes original scientific articles in economics and computer science in Bulgarian and English language. Each article is reviewed by a member of the [Editorial board](#) and a prominent researcher. The editor-in-chief invites prominent researchers as guest editors. The journal has published thematic issues – “Accounting” and “Logistics”. The forthcoming issue (Issue 4) is also a thematic issue – “Statistics”.

The journal has standard publication ethics and publication malpractice statement. Editors use antiplagiarism software (Advego Plagiatus) for checking each received article for reviewing.

The journal has no article processing charges (APCs) or submission fees.

If at least three articles are accepted for publishing, a new issue is published.

The journal is indexed in [RePEc](#), Scholar Google and [DOAJ](#).

The journal has applied for indexing in [Scopus](#).

The journal has applied for including in [Global Impact Factor](#) and [Journal Impact Factor](#).
